PARTNERS TO YOUR LEGAL KNOWLEDGE

MESSAGE FROM INTELLECTUS LAW

(Content Moderation & Development Team)

Dear Learner,

Let us take this opportunity to introduce our 'Module on Investments & Securities Law- Special Emphasis on Law relating to Foreign Investments in India' covered by the 'Investo-Learn Policy' introduced by Intellectus Law for the first time to learning environment of India. Our unique 'Investo-Learn Policy' allows the subscriber of course to participate in module linked activities priced in the form of units (each unit carries a value of INR 10/-). With the subscription of module, every learner may start participating in the outlined activities in order to earn money back. This proves as an incentive to intellectual exercise being undertaken by the subscriber. **The most notable feature of this is that there is no upper ceiling on earning returns out of the investment.** In addition to returns, the learner is provided a whole gamut of opportunities to show skills that he/she has harnessed over a long period of time. Notable features of our policy are:

1. Investo-Learn Policy is an in-house developed concept of Intellectus Law which is targeted to uplift learning standards with creativity and analytical thinking.
2. The lessons have been structured to bring conceptual understanding at the disposal of students. We are dedicated to bridge the industry-academia gap by bringing operational fundamentals to legal learning.
3. Assignments in our module will be reflective to on-hand experience of problem solving by law students which is most desired from them. Law is for the society and understanding society's behavior patterns must also be a part of legal learning.
4. Our module and its linked assignments provide real time research opportunities for those who are interested in problem solving through research. We also provide essential research related guidance without any cost.
5. All assignments (eligible to award returns) are customized to generate curiosity and sharp thinking among the learners. We have spent considerable time in developing the concept of 'Investo-Learn Policy'.
6. Our module is all set to offer students opportunities of fair and transparent assessment and self-assessment. Possibility to earn would be an added incentive to their efforts. This makes the module all complete in itself.

Happy Reading,
Intellectus Law

LESSONS TITLE

(Each Lesson is provided in separate file)

CLARIFICATION OF DOUBTS/ QUESTIONS

(Open/ Closed Guidance System/ Dedicated Support System)

For easy reference and continuing support from Intellectus Law, learners may raise their questions/ doubts regarding the reading material in the following ways:

1. **Open Guidance System:** If there is a question in your mind and if you think that such a question must have troubled other learners too, you may choose to raise your query through 'Comments' facility available on your module page (restricted for members of Intellectus Law). Your query will be processed in the minimum possible time and response to the same will be shared by commenting on your query. This will create a digital learning environment and you will receive appreciation for your efforts by Intellectus Law.
2. **Closed Guidance System:** If there is a question in your mind and you feel comfortable in raising your query in a confidential manner, visit contact us page on our website. You may enter your details and in 'Category' section, you should select 'Query' and submit the same to us by clicking 'Get in Touch'. Your query will be taken up and forwarded to either of our academic experts who will process it further. You may receive a call from the instructor or get your question answered via e-mail.
3. **Dedicated Support System:** This facility is available only on 'Advanced Membership' of Intellectus Law. You may ask us to initiate process of securing dedicated guidance to you by referring your question to our subject experts from where your concern will be pursued on a 'high priority basis'.

OPPORTUNITIES!

(Invest in brain to get high gain)

While a lot of opportunities to earn 'Personalized Value Units' have been discussed before which could be redeemed after successful completion of the learning period, let us explain a little more on some other creative ways of earning redeemable units:

1. **Content Contribution:** If you have flair of writing and possess good analytical skills, this opportunity is the best in your bucket. To proceed with this, you need to register your willingness of working as a "Content Contributor" for Intellectus Law. You may submit your proposal by referring to 'Join Us' page on our website. Intellectus Law will post its requirements on a periodic basis and you may earn 'Redeemable Units' by contributing to Intellectus Law.
2. **Campus Manager:** We know that there had been various campus ambassador memberships in past by many ventures, but ours is going to be a little different. We will appoint one student from a university/ college to work for us as a 'Campus Manager'. These managers will gain assured units every month (minimum 05) and such units will be open to redemption after 01 month from the date of their joining with us.
3. **Independent Submissions:** If you have willingness to serve the society of learners in any other possible way, you can surely go for 'Independent Submissions' to Intellectus Law. We have decided to reward such submissions with units besides appreciation. The submissions may include your projects/ assignments prepared during your semester studies, minor research reports, case analysis, judgment review, book review, self-prepared notes, presentations, flip-books etc. However, your submissions must have a hidden benefit to society besides matching our preference criteria.

Best Wishes

Intellectus Law
